ACTB.

Australian College of Technology & Business Pty.Ltd.

Diploma of Applied Blockchain
(10849NAT)

MOVE UP IN YOUR CAREER

BE AT THE FOREFRONT OF CHANGE

EMERGING TECHNOLOGY

NATIONALLY RECOGNISED QUALIFICATIONS
Upon successful completion of this accredited training course, you will be awarded a 10849NAT Diploma of Applied Blockchain.

COURSE OVERVIEW

- Aims to equip students with a range of knowledge, skills, generic and specific competencies to support them in gaining employment in applying blockchain technologies within an existing or new organisation.
- Explores how to apply the principles of blockchain technology to a business model to create value; develop plans for blockchain business model implementation; and the application of blockchain technologies to the Internet of Things (IoT) and Artificial Intelligence (AI).
- Highly recommended for anyone seeking operational or management roles within an organisation charged with developing and overseeing blockchain teams.

In a digitized world, where everything is happening through digital transactions, it is critical for students and professionals to understand top-evolving technology like Blockchain to stay abreast of the latest development in the field.

- Flexible study and payment options • Affordable fees • One on one student support
- Nationally recognised training • Recognition of Prior Learning
- Specialise in Business, Leadership and Management, Project Management and Emerging Technologies
